Hey oh hey hey

Oh, if you give up to reason, you follow every whim  
Loose your mind before it could even begin  
Missing link it might be what you got so won't you give  
it a shot

So you do it all the same and you do it all again  
You wake up in the morning and you ain't got a friend  
Your boss is coming down on you and you can't pay the  
rent  
And then back into trouble again

Missing link has got you beaten battered bruised  
If you had a problem, now it's two  
Missing link he took you down a notch so won't you give  
it a shot

You're always under pressure  
It's harder to be sane when  
You wake up and you realize that every day is the same  
You can't go back to work and now you know just who to  
blame  
Ain't it a shame  
Back into trouble again

Ahh, missing link I know you tried to cut him loose  
But missing link is still a part o' you  
Think you lost him but it ain't exactly showing  
Got you by the neck and now there ain't no way of  
knowing  
Pretend you got a will but you know just where it's  
going

Missing link has got you standing on the brink  
Left the world to rot and stink  
Left the world you pick up the pieces of the puzzle, eh

And now you get a lot of work done but you don't get a  
cent  
You wake up in the morning and do it all again  
Your landlord's coming down on you

And you can't pay the rent and then  
Back into trouble again
