I know what you're thinking  
You got a mind that's stinking  
You know  
You got a transparent cranium, a see through head

(Oh oh oh oh)  
It doesn't mean a thing  
(Oh oh oh oh)  
It's just a paper ring  
(Oh oh oh oh)  
It, it doesn't mean a thing  
I got thoughts in my head and I'm ready to sting

(Oh oh oh oh)  
I I I know you come my way  
(Oh oh oh oh)  
I I I spot you from a mile away  
(Oh oh oh oh)  
So now you come my way  
I got cutlery, got napkin, saltshaker pepper spray

You got a head  
Gets you ahead  
You got a head  
A see through head full of  
Whoo!

(Oh oh oh oh)  
You thought you had it made  
(Oh oh oh oh)  
Wining and dine in bed  
(Oh oh oh oh)  
You thought you had it made  
You wanna cut a piece of cake, you gotta have a bit of  
blade

(Oh oh oh oh)  
I I I'm not so easily lead  
(Oh oh oh oh)  
You pick up but the line is dead  
(Oh oh oh oh)  
I'm not so easily lead

You always end up losing 'cause you got a see through  
head

You got a head  
Gets you ahead  
You got a head  
A see through head full of

Oh, it doesn't matter  
It's you, yeah you  
It's you, yeah you  
It's you, it's you, it's you and your see through head

You got a head  
Gets you ahead  
A see through head  
(Oh oh)

You got a head  
Gets you ahead  
You got a head  
A see through head  
(Oh oh)
