My boss, he's a probable bore  
Put me hands and knees on scrabble floor  
Do it right receive the lions share bliss  
Know all too well just where that ration is

Learned a lot about the company doe  
Learned less about receiving it though  
Saw how it came to those who always sat pretty  
Don't need it

Supply and demand  
Supply and demand  
Supply and demand  
Supply and demand  
Supply and demand

My girl had a probable cause  
Or so she said and took a probable pause  
I was dumped for occupying her time  
I asked her why and what was next in line

She said, "Shiny hair, that's my life ambition  
But I'll devote my time to a new omission  
The rizzle razzle kitsch of paranoid city"  
Don't need it

Supply and demand  
Supply and demand  
Supply and demand  
Supply and demand  
Supply and demand

Supply and demand  
Supply and demand  
Supply and demand  
Supply and demand

S-s-supply and demand  
Supply and demand  
Supply and demand  
Supply and demand  
Supply and demand
