We are the untutored youth and here's the proof.
Don't wanna know anything we don't and it's the truth
We are the untutored youth
And they lost out.
If you can't hear me just start looking at my mouth
We are the untutored youth
and so are you
You might not like it but there's nothing you can do
We are the untutored youth
Don't even try.
No use in knowing all the when's and why's.
And if I really wanted to learn something I'd listen to
more records and I do, we do, you do soÃfÂçâ, -Ã,Â!
come on
We are the untutored youth
And that's the truth.
When it feels like all you ever do is lose
We are the untutored youth - here is the catch.
There's nowhere you're gonna be a perfect match
We are the untutored youth - we won't fit in.
But there is no way in hell they are gonna win
We are the untutored youth - and that's it.
Not even gloves come with a perfect fit.
And when people tell me what is ok and what is not, it
should not be an unexpected scene seeing I extend my
middle right hand digit and say:
Hey - would you like lemon or lime with that piece of
advice mister? Come onÃfÂçâ, -Ã,Â!

We are the untutored youth and here's the proof.
Don't wanna know anything we don't and it's the truth
We are the untutored youth
And they lost out.
If you can't hear me just start looking at my mouth
We are the untutored youth
and so are you
You might not like it but there's nothing you can do
We are the untutored youth
don't even try.
No use in knowing all the when's and why's.
We are the untutored youth
