[Don Rich]

I've been hearin' stories about the way you carry on
Tellin' everybody you won't miss me when I'm gone
But there ain't no time in my young life to worry over
you

So I'm back in circulation now and I'll be swingin' too
I'll be swingin' too a rollin' every night
And chasin' all the women and tryin' to hold them tight
Hittin' all the nightspots stayin' out till way past two
Big daddy's back in action now and I'll be swingin' too
[guitar]

You're crazy did you think that I'm a gonna wait two
long nights through
That cheatin' game you play don't work for me as well
as you
So if you don't believe me hidin' one step it ain't true
Well you'll find me where the action is and I'll be
swingin' too
I'll be swingin' too...
Big daddy's back in action now and I'll be swingin' too
