I blamed you for everything that was going on  
I was angry and didn't know right from wrong  
I wish I could turn back the hands of time  
I wish I wasn't so damn blind

All the pain and the suffering, I wish I could take it back  
All the swearing and fight, I wish I could take it back  
All the blaming and screaming, I wish I could take it  
back  
I wish I could take it all back

[Chorus]

Sorry, can we work things out again  
Can we go back to the time you were my man  
I will love you like I should  
Love you like any person would  
Oh please, accept my apology

Sorry, can we work things out again  
Can we go back to the time you were my man  
I will love you like I should  
Love you like any person would  
Oh please, accept my apology

[Rap]

Boy I want to (be) back.  
Let me firstly tell you to know that  
I'm talking now you how much I really miss you so.  
Plz accept my apology

I pushed you away, cause I was angry at you  
Now I know that I was wrong, and it was my fault too  
Now I am alone and wishing you were here  
I will change, no more anger and tears

All the pain and the suffering, I wish I could take it back  
All the swearing and fights, I wish I could take it back  
All the blaming and sceaming, I wish I could take it  
back  
I wish I could take it all back

[Chorus]

Sorry, can we work things out again  
Can we go back to the time you were my man  
I will love you like I should  
Love you like any person would  
Oh please, accept my apology

Sorry, can we work things out again  
Can we go back to the time you were my man  
I will love you like I should  
Love you like any person would  
Oh please, accept my apology

\* I understand if you are going away, but still I beg you  
to stay  
The lonely nights are killing me, please accept my  
apology
