You're gonna miss me when I'm gone
But it'll make you better,
Cause when my time comes I'll go home,
And no more shinin' together.

I'm gonna take you for a ride,
I'm gonna steal you that sweater,
I'm gonna feel you up in church,
The Word? I'll do it to the letter.

The Word? I'll do it to the letter x8

I wrote us songs to make us rich,
A weapon to kill fashion,
You ate my words without a twitch,
Now all our plans are crashing.

I never meant to bring you down,
I know you could of done better,
But you were bored and I alone,
And we still did it to the letter.

I'm gonna Do it to the letter x8

You're gonna miss me when I'm gone
But it'll make you better,
Cause when my time comes I'll go home,
And no more shinin' together.

I know I took you for that ride,
I'm glad I stole you that sweater,
You know I felt you up in church,
The Word? We did it to the letter.
