He's lived in the land of lies  
He's lived in the land of the hipocresy  
Raging soul, with his faith injured  
Now his impatient and rabid  
Waiting to give the evil a form  
Let his fury penetrates  
While you're feeling absolute shame.  
He feeds on their hate  
Rapes bodies, rapes souls  
Voracious beast  
Broken passions, broken creeds  
He is the offender of your awoken dreams  
A nightmare raping your sleep  
Blind laments unheard  
Black feelings, brain colapse.  
Anger in my face  
Anger and hate  
Devouring rage.  
Too much anger in my face  
Anger and hate  
Devouring rage.  
Anger under skin  
Body secreting blood infected  
He attacks their corpses  
No feelings, no remorse  
Dare touch him and you'll know his extreme  
Revenge behind the offense  
Compulsing sins, evil  
Let's rape, rapist.
