"Raise Your Fist"

Broken down
Grab a hold of my hand
Cleanse yourself
Now set yourself free
Broken
Self defeated
Lost
You've got to give yourself some discipline
Fuck yeah!
Raise your fist in the air... Drug free!
Cleanse yourself
You don't need it
Despite what you may think
It's in your head
It's in your fucking head
It's in your head!
Raise your fist in the air... Drug free!
Cleanse yourself
You don't need it
Despite what they may say
Cleanse yourself
You don't need it
Despite what you may think
Now set yourself free
C'MON!
Cleanse Yourself
You don't need it
Despite what you may think
Cleanse Yourself
You don't need it
Despite what they may say LETS GO!
Now Set yourself free!
Free!
Set Yourself free
