Inside life lines
There are signs
Pieces of injustice and cruelty
Visions of solitude
It makes me dare
To dare this rotten world
Pain I've created myself
Let me realize my rage
I have not choice
People seems to belong to concrete god
Here the atmosphere is overpowering on all
I've lost my faith in memories
Since child bitterness has formed in my brain
All soul are infected with sad diseases
Who's innocent?
I try to understand my fault
Reality is cracking all my skin
Who's guilty?
Have I to disguise my feelings?
A false light is stabbing my vision.
