I do anything that I'm told to
I even mean it if I'm supposed to
Lead me on a little, I'll go for broke
Lead me on some more, I go for the big doke

Everybody's watchin', oh, but nobody cares no
Oh, wait it does go, huh?
Nobody's watchin' but everybody cares
Oh, whatever talk to you later

Look out 'cause I'm just too fake for the world
Oh, you know it's just a game to me
Oh, I'm just too fake you see
Oh, I wish I didn't have to be

But watch out
I've got too much soul for the world
It's breaking my heart in two
I've got too much soul for you
I don't like it but it's true

Get off
I go to Churchill I'm expected to
I'll be a lost soul, they need examples to use
I could stay forever, I'll leave right now
It's your call either way

It's time to use my life, for myself
Those people just won't tell you that
I'm gonna use my life for someone else, yeah
No wait, wait, wait, wait

Look out
'Cause I'm just too fake for the world
Oh, you know it's just a game to me
Oh, I'm just too fake you see
Oh, I wish I didn't have to be

But oh, I got too much soul for the world
And it's breaking my heart in two
I got too much soul for you
I don't like it but it's true

Hurts right? But I can't even talk to you
About my effect on people
'Cause I'm doin' the same thing to you
That's right even right now
Oh, just wait up for me if you want to but

Lookout now
Oh, I'm just too fake for the world
Oh, you know it's just a game to me
Oh, I'm just too fake you see
I hope you can forgive me

Oh, now
I've got too much soul for the world
And It's breaking my heart in two
I've got too much soul for you
I don't like it but it's true

Oh, lookout now
I'm just too fake for the world
And it's just that I can't do about it
No I'm just too fake for you
I don't like it but it's true

Look out
I've got too much soul for the world
It's breaking my heart in two
I've got too much soul for you
I don't like it but it's true

Look out
I'm just too fake for the world
I know it's just a game to me
I'm just too fake you see
I hope you can forgive me
Look out now I'm too fake
