(Hoffsten)

Sneaking out the backdoor
A boogie woogie on the run
Hungry for some action
And thirsty for a sip of Monk
Just a little tickle to turn you'r world upside down
Get you'r blood going, get ready
Lulu's back in town
Singing: bopopej bopopej
Bopopbopodopodopodopej

Chorus:

Bepop and Lulu gonna get you feeling right
You know it's gonna move you
Make you wanna sing all night:
Boopedobedobe
Rambling to the rhythm
Rattling like a bag of bones
Going on a mission
As alias Smith and Jones
Saddle all the horses, follow the indian trail
Til it's time to change the key
And jump to a different scale
And sing:bopopej bopopej
Bopopbopodopodopodopodopej
Chorus
