Some say they wanna take my guns away  
They will find to rue that day... yes they will

Blame it on the villain in the street  
Truth is they wanna heard us like sheep

Come on, bring it on  
Just getting started, I ain't done  
Come on, bring it on  
Step right up and get yourself some  
Come on, bring it on  
Seen you before, ain't gonna run  
Come on, bring it on  
Standin' right here, come get you some

We hold our rights and values dear  
Your laws don't mean nuthin to us here

Come on, bring it on  
Just getting started, I ain't done  
Come on, bring it on  
Step right up and get yourself some  
Come on, bring it on  
Seen you before, ain't gonna run  
Come on, bring it on  
Standin' right here, come get you some

I remember real clear, years ago in the swamps of  
South Georgia  
Cane pole and Crossman in my hands was all I need to  
be growed up  
Home made ice cream and BBQ and the family on  
Friday nights  
Ten lane ramp on Saturday right before the morning  
light

There came a time I's old enough and learned about  
the gun  
And every night at suppertime I'd answer to what I'd  
done  
Folks today plum forgot about the way it used to be  
Got no respect and no cold steel, just games on TV

And I'll burn in hell before I sell my rights away from  
me  
It's high time we embrace the tool that keeps all men  
free

Come on and get you some  
Come on  
Come on and get you some  
Come on  
Come on and get you some today

Come on and get you some  
Come on  
Come on and get you some  
Come on  
Come on and get you some tonight
