Second hand dreams  
Faded like an old film scene  
Troubled the sleep  
And filled her eyes  
Of blood-coloured tears  
Made her laugh hysterically  
She looked to me like a queen  
A glimpse of hope  
Cow-eyes lied  
Blurred my mind  
And killed me, yeah...  
She said: "I can give you another chance"  
Give it away  
Indesicion is my middle name  
I get smart, I get down  
But it's all ok  
My righteous fears  
Made her laugh hysterically  
She makes me feel like a shit  
Damn it! no!  
Cow-eyes lied  
Blurred my mind  
And killed me, yeah...  
She said: "I can give you no more chances"
