I destroyed it just yesterday  
it was a cool present  
maybe the sweetest you have ever given me  
I broke it into pieces and threw it away  
and on it your dedication cried

Tired of love poetry,  
cool blank days and lazy complications  
I gotta react and stand  
cos' you broke my heart and now I'm breaking your  
bones

I Â'm stealing breath to anxiety  
and drive faster and faster  
on the shortest way to reach...  
...you

better so...  
after all I'm still that drip teenager of the eighties

better so...  
I will use the same old words I've been telling you every  
day

I hate you
