Love ended here today
And the dreams we used to share
I watched you walk away
As you told me you still cared
Now I can't believe your gone
How could you say goodbye
You told me you would never make me cry
You said
Nothing in this world would come between us
No way you'd ever let me go
No no
Nothing in this world would come between us
What did you know
What difference does it make
If I understand the promises we break are never what
we planned
Cause we plan to stay together till forever then
Now forever has come to an end
You said
Nothing in this world would come between us
No way you'd ever let me go
No no
Nothing in this world would come between us

What did you know
You said goodbye
You said goodbye
I hear it echo through this empty place inside
Let it rain
Just let it rain
Cause there's nothing left between us
But the lonely days
You said
Nothing in this world would come between us
(Nothing in this world)
No way you'd ever let me go
No, no, no, no
(No, no, no)
Nothing in this world would come between us
What did you know
(What did you know)
You said

Nothing in this world would come between us
(Nothing in this world)
No way you'd ever let me go
No, no, no, no
Nothing in this world would come between us
What did you know
(What did you know)
