[Verse 1]

Baby tell me is this good for you
Cause for me it's a dream come true
I think about you both day and night
If this is wrong I don't care if I'm right

Cause I know, one thing's for certian
Boy I'm not hurtin' for inspiration
And I feel, when we're together
It could be forever and ever and ever

[Chorus]

I wanna be the ocean to your shore
Give you comfort evermore
I wanna be the only thing you need
Be the oxygen you breath

[Verse 2]

Is this as good as I think it is
Cause I can feel it boy when we kiss
And there's nothing more
That I would ever ask for
Than to be with you, just to be with you

Cause one thing's for certian
Boy I'm not hurtin' for inspiration
And I feel that when we're together
It could be forever and ever and ever

[Chorus]

I wanna be the ocean to your shore
Give you comfort evermore
I wanna be the only thing you need
Be the oxygen you breath

[Bridge]

What you give you will receive
So baby bring it all to me
I will warm you like the sun
I always knew, you were the one, yeah

[Chorus]

I wanna be the ocean to your shore

Give you comfort evermore
I wanna be the only thing you need
Be the oxygen you breath

I wanna be the ocean to your shore
Give you comfort evermore
I wanna be the only thing you need
Be the oxygen you breath

[Repeat while fading]
I wanna be the ocean to your shore
Give you comfort evermore
I wanna be the only thing you need
Be the oxygen you breath
