What does it mean? Two hundred souls
Always apart, spread through wires.

Prepare this hands for war.
Train my fingers for battle
God arm with me your love, your love and Grace.

You in great plains, me with Puzzle Pieces
You in great plains, me with Puzzle Pieces.

Terrible disease.
There is a people in need
Oh, it's real

Break Me O Lord

Rebuild, Rebuild Claim Victory
Reubild, Reublid

We met, we talked, we gained, we lost, we lived our
lives again
We met, we talked, we gained, we lost, we lived our
lives again

For Africa

My eyes open, mouth stretched wide
My eyes open, mouth stretched wide
