Good sister, bad sister

Better burn that dress, sister

Scar tissue, blood blister

Suck up on the dregs, sister

I can't and I want to so bad

And I try but I can't and I want to so bad

And I try but I can't and I want to so bad

And I try but I can't and I want to so bad and...

Good sister, bad sister

You're different from the rest, sister

Choke strangle rip twist her

Sell me down the river, sister

I can't and I want to so bad

And I try but I can't and I want to so bad

And I try but I can't and I want to so bad

And I try, I try, I try

Come here and sit and talk about it

Just for a second and then sit back down

You're choking on big black bloody mouthfuls of it

You left me lying in your dog descent

And choking on your candy flesh

I'll be the biggest scar in your back

Run down and jagged and naked and blind

I'll be the biggest dick that you ever had

Hey, want it back?

Hey, want it back?

You want it

Good sister, bad sister

Tell me what you want, sister

Better watch your back, sister

Hey man, you cannot resist her

I, I can't and I want to so bad

And I try but I can't and I want to so bad

And I try but I can't and I want to so bad

And I try but I can't and I try, I try

Sugar star comes down to talk to me

She comes to crucify all who believe

I am not your ruby degrees

And sugar comes from her arteries

I'll be the biggest sky

Run down and jagged and naked and blind

I'll be the biggest scar in your sky

You want it bad

You want it bad

You want it bad

She's a, she is incredulous

With her catty feet she rips off her dress

She wants you in her descent

And choking on her candy flesh

I'll be the biggest scar in your back

Run down and jagged and naked and black

I'll be the biggest dick that you ever had

Hey, want it back?

You want it back

You want it
