This is a letter to God
This is a letter to him
Please forgive me now
Please forgive me now
Oh my God, oh my God
This is a letter I've written to you
In this world, had bad times
And I don't know what to do
You bring me love
You bring me joy
And they say I've destroyed a boy
You bring me pain
You bring me soul
So why the hell am I so out of control
This is a letter to God
A letter to you
And at times all I wanna say is
Boo hoo
But who knew?
It's the things you do
That bring me so closer to you
This is a letter to God
This is a letter to him
Please forgive me now
Please forgive me now
And all the lights burnt out and faded away
I watch your shadows in the night but you never stay
Tell me who is this woman that I display
I said no one's gonna tell me how to behave
I am not a slave
I am not a slave
I am not a slave
Rehabilitate, live and learn
Live and love, have some fun
Fly me away, away from here
Take away all of my fears
No more crying
No more lying
And no more last goodbyes
Take my hand
Cause you're the man
Cause you'll always understand

This is a letter to God
This is a letter to him
Please forgive me now
Please forgive me now
Forgive me now
Forgive me now
Forgive me now
