"Never Go Hungry"

It's a long way back, from where I've fallen from
It's a very hard fall, it's very cruel town
And my dress is torn and I've got no jewels
And I'm hungry for a life a little less cruel
Some dignity, and not too much sorrow
Just a little bit of hope, hold out for tomorrow
Oh I don't care what it takes my friend
I will never go hungry, go hungry again
Oh and I don't care what I have to pretend
I will never go hungry, go hungry again
It's a long ride home, and my head is bowed
And you're no comfort to me now
And it's fully loaded
And it's set on stun
At least I know, that I have won
And my wig's on crooked and I've got no jewels
I rock back and forth and I wait for you
And I don't care what it takes my friend
I will never go hungry, go hungry again
Oh and I don't care what have to defend
I will never go hungry, go hungry again
And out of it all, I have survived
From the fires of hell, I am alive
Sin its costs your spirit
Survived the mess you've made
Oh god can you hear us? You're my salvation day
And it's time for me, yeah, to take a stand
And it's time for me, yeah, to be a man
And I don't care what it takes my friend
I will never go hungry, go hungry again
Oh and I don't care what I have to pretend
I will never go hungry, go hungry again
And the phoenix she rises, she is sure to descend
She will never go hungry, go hungry again
And you're looking to me more and more like a
godsend
We will never go hungry, go hungry again
And we owe each other nothing, there's no one left
here to offend
We will never go hungry, go hungry again
