Made something better  
He kept it for himself  
I'm not that stupid  
I just need a lot of help  
To understand how stupid you really are

Down at the bottom  
Of the ocean, I lay down  
Nobody's coming  
Just continue to drown  
And no one here could ever stop my ruin now, now

And I know I've got a lot to fear  
You'll get me out  
Oh, God, just get me out of here  
Are you astounding us, surrounding us

And asphyxiate all your pain away  
Don't try to win it will only end in disgrace

Nobody's daughter  
She never was, she never will  
Be beholden  
To anyone she cannot kill  
You don't understand how damaged we really are  
You don't understand how evil we really are

And I will dig my own grave, yeah  
I'm misbegotten  
I am the last one you save here  
Of course I'll sleep forever and for ever

Anesthetize all your horrors away  
We live inside this black web you have spun  
Greed and your bile is miles away  
Don't tell me I have lost when clearly I've won

I want to see you stretched out on the floor  
The world's broken doll, the world's shattered whore  
And you, you can't walk  
But you, you can crawl  
Come on, infect us all

Asphyxiate all your pain away  
Don't try to win it will only end in disgrace

Translucetize the cold light of day  
It's glorious  
It's terrible  
God, I need it  
It's beautiful  
It's ravenous  
I'll just feed it  
Coil down to your dark black decay

And I will dig my own grave, yeah  
I'm misbegotten  
I am the last one you save here  
It's all gone rotten
