And i cry and no one can hear
Inhale
The Blinded eyes that see
The Chaos
Bring the Pitiful to me
Even though im wide-awake, I will
& blackest nights & i wait for you

It's cold in here theres no one left
& i wait for you
¬hing; stops it happening
& i knew, I'd cherish all my misery alone

And i wait staring at the Northern Star
I'm afraid it won't lead me anywhere,
He's so cold he will ruin the world tonight
All the angels kneel into the Northern Lights
Kneel in to the frozen lights

And they paid, I cry & cry for you
Ghosts that haunt you with there sorrow
I cried 'cause you were doomed
praying to the wound that swallows
All that's cold & cruel
Can you see the trees, charity and gratitude

They run to the pines
It's black in here blot out the sun
& run to the pines
Our misery runs wild and free
& I knew, the fire and the ashes of his grace...

And i wait staring at the Northern Star
I'm afraid it won't lead you very far,
He's so cold he will ruin the world tonight
All the angels kneel into the frozen Lights
Feel their hearts they're cold and white

And I want you
And blessed are the broken
And i beg you

No loneliness, no misery is worth you
OH tear his heart out cold as ice its mine

And i wait praying to the Northern Star
I'm afraid it wont lead you anywhere
He's so cold he will rule the world tonight
all the angels kneeling to the northern lights
Kneeling to the frozen Lights
Feel their hearts they're cold as ice...
