When I looked at the street,  
You know and when it was talkin to me  
And when I looked at the street,  
You know and when it was talkin to me  
THE VOID!  
When I feel the void  
THE VOID!  
When I feel the void  
THE VOID!  
When I feel the void  
THE VOID!  
Listening to your revolution  
What's a revolution?  
Can you please wake up now?  
1 2 3!  
3 2 1  
1 2 3!  
3 2 1  
Wherever you are, wherever you are...  
When I looked at the void  
You know and when it was talkin to me  
When I looked at the void  
You know and when it was talking to me  
THE VOID!  
When I feel the void  
THE VOID!  
When I feel the void  
THE VOID!  
When I feel the void  
THE VOID!
