And the sky was made of amethyst  
And all the stars are just like little fish  
You should learn when to go  
You should learn how to say no

Might last a day, yeah  
Mine is forever  
Might last a day, yeah  
Mine is forever

They get what they want, they never want it again  
They get what they want, they never want it again  
Go on, take everything, take everything, I want you to  
Go on, take everything, take everything, I want you to

And the sky was all violet  
I want it again but more violent, more violent  
i'm the one with no soul  
One above and one below

Might last a day yeah  
Mine is forever  
Might last a day, yeah  
Mine is forever

They get what they want, they never want it again  
They get what they want, they never want it again  
When I get what I want, what I never want it again  
When I get what I want, what I never want it again

I told you from the start just how this would end  
When I get what I want, what I never want it again  
Go on, take everything take everything I want you to  
Go on, take everything take everything I want you to

[Incomprehensible]

Go on, take everything take everyting I want you to  
Go on, take everything, take everything I want you to  
Go on, take everything, take everything I want you to  
Go on take everything, take everything, take  
everything, take everything
