And the sky was made of amethyst
And all the stars were just like little fish
You should learn when to go
You should learn how to say no
Might last a day, yeah
Mine is forever
Might last a day, yeah
Mine is forever
Well they get what they want, and they never want it
again
Well they get what they want, and they never want it
again
Go on, take everything, take everything, I want you to
Go on, take everything, take everything, I want you to
And the sky was all violet
I want to give the violent more violets
And I'm the one with no soul
One above and one below
Might last a day, yeah
Mine is forever
Might last a day, yeah
Mine is forever
When they get what they want, and they never want it
again
And they get what they want, and they never want it
again
Go on, take everything, take everything, I want you to
Go on, take everything, take everything, I dare you to
I told you from the start just how this would end
When I get what I want, then I never want it again
Go on take everything, take everything, I want you to
Go on take everything, take everything....
