You offer your shit skewed opinion
Like a pastor serves the host
Fraud soul in your pew on sunday
You're the one you worship most

Empty believer, ugly deciever, taste regret
Stone throwin' bastard, bow to your master, genuflect
Cry, grovel and beg for my pity, you're just
One little piggy, lost in sin city, you're a

Hypocrite
Hypocrite
Hypocrite, you don't even give a shit, do you
Hypocrite
Hypocrite
Hypocrite, time for you to bite your lip, hypocrite

Still spewing your venom laced stingers
You're the devil's favorite son
Stop pointing your sin covered fingers
You're no martyr'd chosen one

Sham of a human, no longer proven, time is up
Spit shinin' groomin', always assumin', oh you suck
Why babble on, nothin' gets better when you
Read only stories straight from your boring script of
lies

Hypocrite
Hypocrite
Hypocrite, you don't even give a shit, do you
Hypocrite
Hypocrite
Hypocrite, time for you to bite your lip, oh

Drop down, no more sayin' one thing then doin' another
mr. big time,
It's never what you say, take a look around
No more playin' one roll, acting out another mr. big
time,
It's never what you said and it's over now,

Passing judgement all along the way, oh no
Who are you to cause so much pain, a fool
C'mon, you needing someone to save, oh no
You've just been living out a lie

You offered your shit skewed opinion
Like a pastor served the host
Fraud soul in you're pew on sunday
You're the one you worshiped most

Hypocrite
Hypocrite
Hypocrite, you don't even give a shit, do you
Hypocrite
Hypocrite
Hypocrite, time for you to bite your lip, hypocrite

Hypocrite, blasphemous
Hypocrite, self righteous
Hypocrite, you don't even give a shit, do you
Hypocrite
Hypocrite
Hypocrite, time for you to bite your lip, hypocrite
