You can say what you want, drag my name
Put your words in my mouth, feed my fame

Go ahead and hate me, please discriminate me
How you celebrate me, there's no need to save me

I am not afraid, I am not afraid
I am not afraid, I am not afraid

I don't feel what you feel, who's to blame
I'm not gonna live in a world high on shame

Go ahead and hate me, then incriminate me
Why must you forsake me, I know who can save me

I am not afraid, I am not afraid
I am not afraid, I am not afraid

Don't try to stop the bleeding 'cuz it won't be much
longer
Your fear just makes you weaker, it only makes me
stronger
I walked the tunnel, seen the light and no, I didn't stay
I'm back here for a reason, follow me my brother

I am not afraid, I am not afraid
I am not afraid, I am not afraid
