Dig another hole, sell another soul, the devil keeps on
buyin'
Steal another heart, play your final card, how you keep
on tryin'
Now you're runnin' scared, 'cuz the truth is bared, no
more denyin'
Been goin' on too long, time to right the wrong,
everybody's cryin'

Let's get it on, let's get it, let's get it on
Let's get it on, let's get it, let's get it on

Step into the light, look me in the eye, see the truth, it's
blinding
Now you're goin' down, a king without a crown, the
stars are all aligning
Finally the end, break before you bend, now you're
barely breathing
Listen to the crowd, take your final bow, everybody's
screaming

Let's get it on, let's get it, let's get it on
Let's get it on, let's get it, let's get it on

I'm just one, but you gotta believe
Together we rise and together we bleed
Raise up your your hands and your voice and your
dreams
My brothers, my sisters, let me hear you scream

Let's get it on, let's get it, let's get it on
Let's get it on, let's get it, let's get it on

Let's get it on, let's get it, let's get it on
Let's get it on, let's get it, let's get it on
