No more holding back I'm letting go
Gotcha thinking that I'm not alright as I walk and I stalk
back and forth like an animal
Locked up, I'm about to lose control
Feeling like I never felt before, hard to breathe, look at
me, can't you see, oh I know I gotta

Shake the cage, feed the rage, be the change

I gotta break out of this cell before I go insane
My body's shaken from the psycho pounding in my
brain
Can't help but taste this dirty metal runnin' through my
veins
This time I can't resist to clench my fists and shake the
cage

Stuck inside this craze, I just want out
Everytime I turn around I see what I know isn't so, damn
the lies, they've been breeding me
Fear filled high praised chains can't keep me down
Stronger than I've ever been before, risin' up as I cut
through rust, bustin' out I gotta

Shake the cage, feed the rage, be the change

I gotta break out of this cell before I go insane
My body's shakin' from the psycho pounding in my
brain
Can't help but taste this dirty metal runnin' through my
veins
This time I can't resist to clench my fists and shake the
cage

I gotta break out of this cell before I go insane
My body's shaken from the psycho pounding in my
brain
Can't help but taste this dirty metal runnin' through my
veins
This time I can't resist to clench my fists and shake the
cage

Shake the cage, feed the rage, be the change
Shake the cage, feed the rage
