Music's all around
Can you feel the sound inside?
Feet above the ground,
Spin spin spin around we glide

Still I miss you more than I ever thought I would, I do
I will not take this life for granted around you.

Spread your arms out wide,
hold onto the sky tonight.
Screaming out my songs,
Deep inside your lungs it feels right.

Still I miss you more than I ever thought I would, I do
I will not take this life for granted around you
Say goodbye, say goodnight
Say goodbye, until tomorrow's here

Call me the one who's rhythm's infectious,
Jump up and down you better respect this,
Just let me loose, just let me let you slide.
If you shimmy down, you're looking up while you spin
all over the ground.

I'll be the one to pick you up
Do you ever want to stop?

Say goodbye, say goodnight
Say goodnight, until tomorrow's here
