She started me off,
she's taking me down for a minute,
she's turning me on,
moving her hips to the rhythm and
she's singing my songs,
I come undone for the moment,
I'm singing along,
she turned her head and she told me

Na na na na,
I could do this forever,
na na na na,
make or break we'll take this together,
na na na na,
you'll be my change for the better,
maybe for a while,
scratch that - forever

Maybe I do,
maybe I did and you missed it,
maybe it's true,
I could be the one thing you're missing,
and maybe it's you,
I'll give you a reason to listen
it's all I can do,
and then she smiled and she told me

Na na na na,
I could do this forever,
na na na na,
make or break we'll take this together,
na na na na,
you'll be my change for the better,
maybe for a while,
scratch that - forever
How long is forever?
How long, how long, how long is forever?
How long, how long, how long is forever?

I'll get you away,
we'll find a home by the water where
we'll be okay,

cuz when we're together it's all I need
(all I need)
go on and do this forever
(all I need)
put the pieces right back together

Na na na na,
you'll be my change for the better
maybe for a while

Na na na na,
(oh, yeah)
I could do this forever,
na na na na,
(oh, yeah)
make or break we'll take this together,
na na na na,
(oh, yeah)
you'll be my change for the better
maybe for a while

Maybe for a while,
scratch that - forever
