She told me,

"I'm ready to forget

I'm feeling hopeful yet

I'm moving towards our happy ending still

here's to a second chance

to love without regret

to living in the here and

now" you're gone.

When the rain hit the street

you'd prefer it outside.

That's the way she caught me,

She'll do it one more time

She told me

I'm ready to forget

I'm feeling hopeful yet

I'm moving towards our happy ending still

here's to a second chance

to love without regret

to living in the here and

now you're

Gone

to the next,

you'll be gone before I catch my breath.

And Hold on.

Because it it always ends too soon,

I'm gonna get get over you.

You will not make me fall

You never had me after all

This time you dropped the ball

and I'm moving on with my life.

We search for something true

I found i'm better without you

And even though we're through

I can't help but look back and smile.

Na Na Na....

Now I'm gone

To the next...

I'll be gone before you catch your breath

And hold on.

Because it always ends too soon.

I'm gonna get get over you. x2

I'm ready to forget

I'm feeling hopeful yet

I'm moving towards our happy ending still

here's to a second chance

to love without regret

to living in the here and

now I'm gone...
