The girl that turned me around
And loves me upside down
And I can't describe to you this thing that I've found
The butterflies, sure
Well I've got even more
Than anyone here has ever had before
And I can't wait to find out what's in store

And this love, it's better
It may take me forever
But I, I just gotta let you know, oh
And this love, it's crazy
It's the one thing that can save me
And I, I'm just trying to take it slow, oh
Cause I'm about to fall
You better look out below

Can you taste her spell?
But boy it's sweet as hell
It's the way her kiss, it tingles in my mouth
It's how I know that we
You love those rainy days
And every evening I stop and pray
That you'll stick around for one more day

This love, it's better
It may take me forever
But I, I just gotta let you know, oh
And this love, it's crazy
It's the one thing that can save me
And I, I'm just trying to take it slow, oh
Cause I'm about to fall
You better look out below

And this love's taking this boy, so long
And this love always hits me like my favorite song
I wanna play all night long
Yeah
This love, it found me
Let it all surround me
And I, I never thought it could be so, oh

And this love, it's better
It may take me forever
But I, I just gotta let you know, oh
And this love, it's crazy
It's the one thing that can save me
And I, I'm just trying to take it slow, oh
Da da da da da...
Cause I'm about to fall
You better look out below
