Oh, I'm tired of searching, and standing tall  
Been telling myself that it'll be okay.  
In a world uncertain, with a simple cause,  
One day we're all gonna find our place.

In you. In you.

You leave me oh so dizzy

You're crazy! You're looking in the mirror at yourself,  
yourself, yourself  
And I'm dying to show you, and lately,  
You're finding your way to my mind, my mind, my mind  
And I'm dying to hold you  
You say it's easy, but it's fine, until you,  
Wanna walk outside the lines

Barely made it through winter, was falling down,  
And wasting away like a Christmas day,  
With a simple instruction, I'll figure out  
Whatever this distance we'll find a way

In you. In you.

You leave me oh so dizzy

You're crazy! You're looking in the mirror at yourself,  
yourself, yourself  
And I'm dying to show you, and lately,

you're finding your way to my mind, my mind, my mind  
And I'm dying to hold you  
You say it's easy, but it's fine, until you,  
Wanna walk outside the lines

I won't tell, if you won't go  
I won't tell, if you won't go

You got me going, got me going, got me going good,  
You got me gone, gone, gone, you got me gone, gone,  
gone  
You got me going, got me going, got me going good,

You got me gone, gone, gone, you got me gone, gone,  
gone

And we're walking outside the lines.

You're crazy! You're looking in the mirror at yourself,  
yourself, yourself

And I'm dying to show you, you're crazy!

You're looking in the mirror at yourself, yourself,  
yourself

And I'm dying to show you, and oh,

You got me going, got me going, got me going good,

You got me gone, gone, gone, you got me gone, gone,  
gone
