It's about the nights we spend locked up inside your room
It's about the morning; breaking always just a bit too soon
It's about the way you're scared.
Baby, just maybe I'm aware.
This is what you need. cuz'

Everytime you walk in the room,
Can't help myself I want to be with you.
With a mic, quick, check, one... two
Singin' out my lungs, just to reach you.
I'm alive. and I keep my cool one more time.
And you just keep on walking by...

I take it in to tell myself it's going to end up fine.
It's all part of the master plan.
We're all a little lost inside.
Even if I ran right now, swore you off... I'd still come back some how.
And here I am now.

Everytime you walk in the room,
Can't help myself I want to be with you.
With a mic, quick, check, one... two
Singin' out my lungs, just to reach you.
I'm alive. and I keep my cool one more time.
And you just keep on walking by...

I think I need to soak you in, for a while.
I'm hanging on the best I can.
Let it go, 'cause maybe if I felt it once,
Then I could somehow feel it again.

Everytime you walk in the room,
Can't help myself I want to be with you.
With a mic, quick, check, one... two
Singin' out my lungs, just to reach you.
I'm alive. and I keep my cool one more time.
And you just keep on walking by...

Everytime you walk in the room, (I'm talking it in so

slow)
Can't help myself I want to be with you.
With a mic, quick, check, one... two (I'm hanging on the
best I can)
Singin' out my lungs, just to reach you.
I'm alive. and I keep my cool one more time. (I'm in
love)
And you just keep on walking by...
