Feels like there's something in the air
And I hope my head explodes
So once more whisper in my ear
And I won't let this go again

Frustrated, motivated
You're underneath my skin
Descending, never-ending
Well, make it to the end

We shine like stars
We shine like stars, oh yeah
Bright as the sun
We're dead and gone
We shine like stars

Hold your breath
There's something up ahead
And I think we were born for this
Feel love, punch you in the gut
And I think we were born for this

Frustrated, motivated
You're underneath my skin
Descending, never-ending
Well, make it to the end

We shine like stars
We shine like stars, oh yeah
Bright as the sun
We're dead and gone
We shine like stars

I feel your heartbeat
I feel your heart
I feel your heartbeat
I feel your heart

I feel your heartbeat
I feel your heart
I feel your heartbeat
I feel

Frustrated, motivated
You're underneath my skin
Descending, never-ending
Well, make it to the end

We shine like stars
We shine like stars, oh yeah
Bright as the sun
We're dead and gone
We shine like stars

We shine like stars, oh yeah
Bright as the sun
We're dead and gone
We shine like stars

We shine like stars
We shine like stars
We shine like stars
