"A Taste Of Honey"

A taste of honey
Tastin' much sweeter than wine

Yours was the kiss that awoke my heart
And lingers still, though we're far apart
A taste of honey (honey, honey)
Tastin' much sweeter

I dream of your first kiss, and then
I feel upon your lips and then
A taste of honey (honey, honey)
Tastin' much sweeter

I will return, yes I will return
I'll come back for the honey

break

Well I will return, yes I will return
I'll come back
For the honey
And you
Whoa, whoa, whoa, whoa, whoa, whoa you
Whoa, whoa, whoa, whoa, whoa, whoa you
Whoa, whoa, whoa, whoa, whoa, whoa you
