(Ransford)

Don't you know it's just a matter of time
Say that you will stay by my side

That your love for me has got be real
You just got to know that's how I feel

You don't know what I know
Don't you feel what I feel
When I hold you tight
When I hold you tight

That your love for me has got be real
You just got to know that's how I feel

Chorus

Don't you know what I know
Don't you feel what I feel
When I hold you tight
When I hold you tight

Can't you see you're no longer mine
You're no longer mine
You're no longer mine
