I understand when you hold my hand so tight
I understand when you kiss and say good night
When we're walking hand in hand
Oh baby, I understand

Trying to forget isn't an easy task
A little bit of loving is all I ask
When you're away I feel so blue
Oh baby I'm in love with you

Your face haunts me and I know why
It's because of that twinkle in your eye
When you're away I feel so blue
Oh baby I'm in love with you

I understand when you hold my hand so tight
I understand when you kiss and say good night
When we're walking hand in hand
Oh baby, I understand

Your face haunts me and I know why
It's because of that twinkle in your eye
When you're away I feel so blue
Oh baby I'm in love with you

I understand when you hold my hand so tight
I understand when you kiss and say good night
When we're walking hand in hand
Oh baby, I understand

Oh baby, I understand
Oh baby, I understand
