Keep off of that friend of mine, ah-ah-ah
He's not for you, ah-ah-ah
He just wants to spin you a line, ah-ah-ah
There's nothin' new ah-ah-ah
Just one thought on his mind
You know it's that kind you shoulda
Known when you met him you must be blind

Seems like only yesterday
That girl was mine in every way
People couldn't part us if they tried
Now she's turned her head away
She's lost her smile she's not so gay
Won't you come back to my side

Keep off of that friend of mine, ah-ah-ah
He's not for you, ah-ah-ah
He just wants to spin you a line, ah-ah-ah
There's nothin' new ah-ah-ah
Just one thought on his mind
You know it's that kind you shoulda
Known when you met him you must be blind

Seems like only yesterday
That girl was mine in every way
People couldn't part us if they tried
Now she's turned her head away
She's lost her smile she's not so gay
Won't you come back to my side

Keep off of that friend of mine
Keep off of that friend of mine
Keep off of that friend of mine
Keep off of that friend of mine
