(clarke / sylvester)

Love makes the world go round and around  
Love makes the world go round and around  
Love makes you feel three feet off the ground  
Love makes the world go round

You should know it's happened before  
You should have known what was in store  
You should know not to do it encore  
You should have known before

You did it your way it never worked out  
Mr right turned out mr wrong  
You won't change your ways because you believe  
In love is where you belong

You did it your way it never worked out  
Mr right turned out mr wrong  
You won't change your ways because you believe  
In love is where you belong

Can't you see, love's thrown out of the door  
Can't you see, no-one loves anymore  
Can't you see, my world's on the floor  
Without love can the world go round  
And around, and around, and around, and around  
Without love, without love, can the world go round,  
yeah
