Man in a room, can't you see what you did?  
Pick yourself off the floor, it don't suit you so don't be  
blind

One lonely with four walls closing in  
It's a room without any door  
You've been on your own since she told you to go  
I'm telling you why and what for

You're a man without a heart  
Just a lonely man without a heart, yeah  
Just a lonely

Man, can't you see what you did to yourself  
Thinking it was so big at the time?  
I could have told you but I wasn't there  
You shout her the wrong kind of line

You're a man without a heart  
Just a lonely man without a heart, yeah  
Just a lonely

Pick yourself off of the floor  
It don't suit you to be in that frame of mind  
Try to be more like a man with respect  
Get on the right track, don't be blind

You're a man without a heart  
Just a lonely man without a heart, yeah  
Just a lonely

Man in a room with four walls closing in  
It's a room without any door  
You've been on your own since she told you to go  
I'm telling you why and what for

You're a man without a heart  
Just a lonely man without a heart, yeah  
Just a lonely

Man in a room, can't you see what you did?  
Pick yourself off the floor, it don't suit you so don't be

blind
