You came to me  
One summer night  
And from your beam  
You made my dream

Woh, let me tell you now  
And from the world  
You sent my girl  
And from above  
You sent love

Now she is mine  
I think you'll find  
Because she loves you  
Mr. Moonlight

Mr. Moonlight  
Come again please  
Here I am on my knees  
Begging you to please

The night you don't come my way  
I pray each day  
Because she loves you  
Mr. Moonlight

The night you don't come my way  
I pray each day  
Because she loves you  
Mr. Moonlight

Mr. Moonlight  
Come again please  
Here I am on my knees  
Begging you to please

The night you don't come my way  
I pray each day  
Because she loves you  
Mr. Moonlight
