What did you do today?
You turned the other way
I tried to kiss you
But you laughed in my face

It's a thing to do
Knowing that I love you
Don't be to hasty
The tables will turn

Please, please, please
Let me please you
Please let me please you
Please let me, Louise

Please, please, please
Let me please you
Please let me please you
Please let me, Louise

Why are you different now ?
Did I hurt you somehow?
If so, then tell me
But don't laugh in my face

If I said something strong
I'll admit I was wrong
Come on and tell me
But don't laugh in my face

Please, please, please
Let me please you
Please let me please you
Please let me, Louise

Please, please, please
Let me please you
Please let me please you
Please let me, Louise

I always treat you right
Why do you wanna fight?

Go if you want to
But don't laugh in my face

If I try kissing you
Don't make me out a fool
Come and tell me
But don't laugh in my face

Please, please, please
Let me please you
Please let me please you
Please let me, Louise

Please, please, please
Let me please you
Please let me please you
Please let me, Louise

Please, please, please
Let me please you
Please let me please you
Please let me, Louise

Please, please, please
Let me please you
Please let me please you
Please let me, Louise

Please, please, please
Let me please you
Please let me please you
Please let me, Louise
