"Sanctuary"

I walk the twilight zone
Beyond the city lights
In search of peace of mind
I stole into the night

Tried to hide away
From everything that
Threatened my existence
I showed resistance

Up there big brother's
Got his tabs on where I go
They tried to force me down
A road where I can go

So you imagine how I felt
When you said
"Baby I can understand"
Touched my hand

You are my sanctuary
When I'm in your arms
You take me away

You are my sanctuary
When I'm in despair
I reach out and you're always there
You're always there

Beyond the skyways
Through the looking glass I roam
Into the never, never
I found a star that glowed

And I descended
On my last true wing and prayer
And you were standing there
The one that cared

You are my sanctuary
When I'm in your arms
You take me away

You are my sanctuary
When I'm in despair
I reach out and you're always there
You're always there

When there's no escaping
And I panic in the night
I can run to you for cover
'Cos you'll always make it right

You are my sanctuary
When I'm in your arms
You take me away

You are my sanctuary
When I'm in despair
I reach out and you're always there
You're always there

You are my sanctuary
When I'm in your arms
You take me away

You are my sanctuary
When I'm in despair
I reach out and you're always there
You're always there
