Life ain't worth a-livin'
People just been givin' me
Friendship [Incomprehensible] happiness
Is what every man deserves
But she gives me everything I want

Oh, I don't have to ask for what I get
Everyone just lets me down
Tries to make me look like a fool
Won't accept me for what I am
They say I got to live by the rules
But she gives me everything I want
Oh, I don't have to ask for what I get

It's gotta end sometime
How's it gonna be, yeah
Are we wrong or are we right?
It's gotta end sometime
Calling you and me, yeah
It's gonna take a long, long time

Seems like they don't give a damn
Won't let me live just how I want
They say I'm a down and out
But it's them that's wrong
But she gives me everything I want
Oh, I don't have to ask for what I get

It's gotta end sometime
How's it gonna be, yeah
Are we wrong or are we right?
It's gotta end sometime
Calling you and me, yeah
It's gonna take a long, long time

'Cos she gives me everything I want
(We don't need nobody else)
Aah, she gives me everything I want
(We don't need nobody else)

Aah, she gives me everything I want
(We don't need nobody else)

Yeah, she gives me everything I want
(We don't need nobody else)
