Time machine jive Time machine jive

Time machine jive Time machine jive

You better look out

Look out your window tonight

There'll be a hot cat on your tin roof

Layin' it loose

There'll be a full band

To give me a hand

The moon will be a spotlight

For this one-night stand

You better look out

Look out your window tonight

Chorus

You gotta reach out

And try to grab my glitter suit

Snatch your hand full of stars

Take a trip in my seven league boots

Come silver surfin'

You'll know you had a ride

My star-trek music's gonna take me high

You better look out

Look out your window tonight

Time machine jive Time machine jive

Dimensional intentional sensual

Immeasurable pleasurable hitch a ride

Chorus x2

Don't leave it too late

Or you won't get a ticket on my cruise

Don't be the last one

Or else you'll have to light the fuse

You can't afford not  
To be on board  
Come on baby  
Hear the music that's calling  
And look out look out your window tonight (Time  
machine jive Time machine jive)  
You better look out look out your window tonight (Time  
machine jive Time machine jive)  
Look out look out your window tonight (Time machine  
jive Time machine jive)  
You better look out look out your window tonight (Time  
machine jive Time machine jive)
