"Two Shadows"

Visit "[Two Shadows](#)" on MotoLyrics.com

I thought I'd seen everythin' before
I've never seen the guy who could walk through walls
You say my eyes are playing tricks on me
What I'm seeing's not reality

If you're doing magic
Tell me how you do it
If you're doing magic
Show me how you're doing it

Hey babe if you've nothin to hide
How do you get two shadows on your blind
Hey babe if you've nothing to hide
How do you get him out on time
Hey babe if you've nothin to hide
How do you get two shadows on your blind

Real or illusion I can't tell them apart
Is it the conjuring of a jealous heart
I'm pretty sure that you're two-timing me
I'm seeing things losing my sanity
