(holly / montgomery)

Wishing, dreaming, wishing.

Wishing that I could see you every day.
Wishing that I could steal your heart away.
Dreaming of the time I could hold you tight.
Wishing that the time would come tonight.

I've been hoping all along
Things would turn out right.
If I could find a wishing star,
Then I would spend the night.

Wishing that I could see you every day.

Wishing that I could steal your heart away.

Then I could spend the night.

Verse 1

Wishing, dreaming,
Wishing, dreaming,
Wishing, dreaming,
Wishing, dreaming
